7. **To receive updates regarding the condition of the gravel tracks & roadways around The Green**
   A resident of The Green was written to, to ask them to repair the track leading to their property. They have agreed to make the repairs by the end of year. The other potholes previously filled by the community group still look good.

8. **To receive an update regarding any further maintenance work on the pond, including tree work at the pond area and agree actions necessary and/or funding**
   The pond will need some work doing to it at some point in time. Trustees would welcome a community group to do this work. There may be some other tree work that needs doing too. The pond is dried up at the moment.

9. **To discuss any other issues pertaining to The Green**
   None.

   Time Allocated to the Public
   A member of the public would like some 'no parking or driving on The Green' signs. Weasenham Green is a conservation area, and there should be no parking on The Green. Could there also be some trees planted on The Green too. This will look good and may help reduce parking on The Green as previously suggested by the public. Cllr Hargreaves suggested that Flagship could be asked to provide a parking area.

   A member of the public noted that previously signs were not allowed to be put on The Green, and perhaps this could still be the case. It was agreed that the Open Space Society should be asked if signs could be put up.

10. **Time & date of next meeting – 16th September 2025 at 6.30pm**
    Councillors noted the date and time of the next meeting.
